Great Design direct from the Makers

Vestre is a leading supplier of street furniture in Scandinavia. We work closely with industrial and furniture designers and we have a deliberate, uncompromising approach to design, quality and the environment. The high quality of our products helps to prolong their life and save resources. All production takes place at our factory in Torsby in Sweden, which is designed by the architects Snøhetta.

Guarantee – VestreQualityProgramme™

Vestre only uses first-class materials with a long life and the shortest possible delivery route. We are therefore able to provide a lifetime guarantee against rust and a 15-year guarantee for varnish and wood, provided the products are subjected to normal use without any extreme treatment. Vestre are quality and environmentally certified in accordance with ISO 9001 and 14001. Our membership in the Ethical Trade Initiative (IEH), SundaHus and CO2 focus oblige us to ensure that we systematically work to improve our production conditions and encourage our suppliers to operate under proper working and environmental conditions.

All products have their unique article numbers with six or seven digits, e.g. 513 900C. The first three/four numbers indicate the product series and model, while the last three digits indicate the material and the letter prefix describes the installation method or special feature. Before ordering from us, please make sure that the delivery address and contact phone number is correct.
