

HABITATS Wings

5823C

Designed by
René Hougaard, ARDE

Habitats wings bird house is part of the Vestre Habitats series, where the products are designed to protect and increase biodiversity in cities. The lack of safe nesting spaces means that new flocks of birds are unable to establish themselves. This problem could be overcome by putting up more nest boxes. The Wings bird house is one such solution and comes in several variations.

Anchoring/assembly

Type C - Concreting

Primary material

Hot-dip galvanised steel

All steel components are hot-dip galvanised, which produces a matt grey surface after a while. We offer a lifetime anti-rust warranty.

Sustainability

Indicators	Global warming	Total energy used	Recycled materials
Unit	kg CO2	MJ	%
