

HABITATS Log

5803A

Designed by
René Hougaard, ARDE

Habitats log is part of the Vestre Habitats series, where the products are designed to protect and increase biodiversity in cities. The Log bench makes it possible to frame and arrange logs and branches in an organised stack so that you can sit on the bench and watch the slow decomposition process. Old trees are vital for conserving biodiversity, as they are home to many rare species of insects, fungi, lichen, mosses and plants. Many birds and bats need hollow trees to nest and reproduce in, and birds also need resting places.

Anchoring/assembly

Type A - Base plate

Primary material

Hot-dip galvanised steel

All steel components are hot-dip galvanised, which produces a matt grey surface after a while. We offer a lifetime anti-rust warranty.

Sustainability

Indicators	Global warming	Total energy used	Recycled materials
Unit	kg CO2	MJ	%
Cradle to Gate A1-A3	0	0	0

Certifications

Warranty

- Lifetime warranty against rust
- 15 year warranty on powder coating
- 15 year warranty on wood
- Spare parts always available
