

ATLAS seat

4502

Designed by
Espen Voll, Michael Olofsson, Tore Borgersen

Atlas seat is a range of modular furniture that can be configured in innumerable ways. The frame comes in several lengths, widths and angles. The square seats can be supplied with or without a backrest and armrests, and are easy to mount on the frame in four directions. This flexibility means that ATLAS is equally suitable for creating a single bench, back-to-back benches or long seating arrangements.

Anchoring/assembly

Free-standing/mounted to the ground

Primary material

Hot-dip galvanised steel

All steel components are hot-dip galvanised, which produces a matt grey surface after a while. We offer a lifetime anti-rust warranty.
