CLIMATE CERTIFICATE 2020

CEMAsys' Climate Certificate™ is hereby issued as a proof of planting of mangrove trees, for voluntary offsets of own greenhouse gas emissions. As a result of the planting, the project will each year issue climate quotas in line with the VERRA Verified Carbon Standard, and these can be tracked in the register with its unique serial number. The project contributes to meeting a number of the UN's sustainability goals.

Company	Vestre
Offsets cover	Climate compensated business 2020
Volume (tonnes CO ₂ e)	1518
Equivalent to planting	7 590 Mangrove trees (3 ha, 5 trees for each tCO ₂)
Type	VCU (Verified Carbon Units)
Issuing body	VERRA Verified Carbon Standard
Project name	VSC 1764 – Thor Heyerdahl Climate Park: Restoring Mangrove Forests, Myanmar
Project reference	https://registry.verra.org/app/projectDetail/VCS/1764

The climate quotas will be issued by the VERRA Registry on a yearly basis based on a third-party verification and will be retired from the registry permanently, so that no one else can hold or retire them.

Oslo, 15. December 2020
